### Description

The matter was referred by the Truth Hope & Justice Initiative / Ropes & Gray.

Catalogue the police brutality settlements made between the victims of police brutality and the City of Philadelphia between 2009 and 2019. Project associates will research cases, pulling information from complaints, case filings, public databases and news sources. The project aims to delve into the enormous liability cities face when police abuse their power or act negligently. The project will provide data that will be

used to advance police reform and influence new legislation that will save lives. Note this is the next phase of a similar project the LFAA took on for Chicago last summer.
