### Project Title

Legal Aid Society Seeks Litigation Support in Suit Challenging Due Process In Administrative Process

### Scope of Work

Legal Aid is seeking litigation support with a case against the State of Ohio for due process violations. The plaintiffs will be seeking injunctive relief to ensure that they can get back to work. The complaint is already drafted.

### Timing

Complaint must be filed by October 20, 2023.

### Jurisdiction

OH

### Contact Information

### Description

Legal Aid of Cleveland seeks consultation support and litigation strategy advice regarding a barrier to employment that disproportionately affects African-American parents. In Ohio, a finding of abuse or neglect by a county child services agency can lead to a 10-year exclusion from work in the childcare field and a lifetime barrier to work in youth shelters and residential facilities. This process that leads to these facts are being challenged as a violation of an individual's constitutional rights.
