### Description

Org 77 is located in TX and was incorporated in January 2024. Their mission statement is "help as many families in need with any type of assistance". Org 77 supports a wide range of causes, from allocating funding to families burying a loved one, to voter registration, to school drives. They plan on making a recreational center for students with working parents.

For the 501c3, they are looking for an attorney to aid them with the final steps of the process. Org 77 submitted the required forms in January, but have been stuck there since. They are currently in the last stages of the 501c3 process.
