Description

VoteRiders provides voter ID assistance to ensure that every American can cast a ballot. The organization informs and helps citizens secure their voter ID, as well as supports local organizations' efforts to sustain voter ID education. The website and digital tools offer requisite voter ID information in English and Spanish.

To ensure that the information is up to date, VoteRiders seeks the following pro bono support:

- (1) Conduct research relating to states that accept public assistance IDs as voter ID,

(2) Conduct research to determine whether cell phone/cable/internet bills are accepted as voter ID in states that accept utility bills as a type of voter ID,

(3) Research to determine the impact of states adopting permitless carry laws on whether gun permits are still issued at all and thus, whether they are accepted as voter ID;

(4) Update the existing resource guide on how to request voter's birth certificates, including the required steps and costs. The guide is provided to Voter ID assistance volunteers. There is an existing guide but the volunteer would be updating it.
